Greg Hadfield
VP
Crypton, Inc.
6745 Daly Road
West Bloomfield, MI 48322

Dear Mr. Hadfield:

The U.S. Environmental Protection Agency applauds Crypton, Inc. ("Crypton") for your leadership in developing an environmentally oriented set of cleaners. EPA's Design for the Environment ("DfE") program seeks to promote the use of products with improved environmental and human health characteristics. The products in our partnership – Leather & Vinyl Cleaner, and Upholstery Cleaner – fully achieve that objective in the I/I and consumer cleaning sectors.

The key purpose of the DfE– Crypton partnership is to recognize and encourage the environmentally preferable chemistry of the partnership products. DfE is very enthusiastic about your successful formulation of these products and about our partnership. By eliminating hazardous solvents, environmentally persistent surfactants, and other harmful ingredients, you have demonstrated active environmental stewardship and dedication to continuous improvement.

Consumers who use your recognized products will be participants in this important national effort to protect the environment and safeguard human health. We commend Crypton for your commitment to improving the environmental profile and performance of your products– and for leading change in the cleaning industry. DfE looks forward to building this partnership and wishes you much success with the partnership products.

Sincerely,

A handwritten signature in blue ink, appearing to read "Clive Davies".

Clive Davies, Chief
Design for the Environment
