

LEADERS

Lead by design

Leaders blends elevated scale, materials, mechanics and craftsmanship for executive-level comfort, style and performance. Fully upholstered with generous-size seat/back and dual-composition cushioning, excellent for leather. Standard seat-height and tilt-tension adjustments. Optional knee tilt and upgraded low-profile wood/metal base.

1200 SERIES

The 1231 Executive & 1237 Management contemporary chairs feature standard knee tilt and pneumatic adjustment as well as modern style chrome arms and base. Black urethane arm caps included.

1200 Series offers three distinct designs with wood, chrome or textured black urethane arm/leg components. All feature ergonomically correct lumbar support and resilient, multi-density foam. Waterfall front seat edges promote proper leg support.
