HPFI® Introduces *Harmony* Sofa bed

(High Point, NC) HPFI (High Point Furniture Industries) is pleased to announce the latest addition to its *Harmony* line of convertible healthcare sleepers. The *Harmony* Sofa Bed provides ample seating space for up to three adults by day and a sleeper for one adult by night. The clean lines fit with multiple room styles and decor. Wood legs are available in variety of finishes to blend with outer room furnishings. Simply unfold the back cushion for a comfortable sleep surface. No additional floor space is required as with conventional day beds. Optional wood arm caps to match the legs or anti-microbial polyurethane caps provide greater protection on the top surface area of the arms. Also optional are storage drawers with upholstered or laminate drawer fronts.

As with all of the *Harmony* day beds and sleepers, the Sofa Bed is available in all HPFI standard upholsteries. This includes a selection of over sixty (60) quick-ship fabrics, vinyls and Cryptons in an industry-leading three day lead time. It is also available in thousands of standard fabrics, vinyls and leathers in three weeks or less. HPFI also welcomes the opportunity to upholster using the customers' own materials (COM.)

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
