## **HPFI® Introduces *Praxis* Dorm & Quarters**

(High Point, NC) HPFI (High Point Furniture Industries) is pleased to announce the latest additions to its ***Praxis*** modular wall system. As it takes its name from the same root word as “practice” which is putting knowledge into action, you can create your own "custom" wall system perfect for offices, patient room or dorm room.

**Praxis** offers numerous cabinets with a wide range of drawer/door configurations. Adding the Dorm & Quarters components such as the bridge cabinet between two wall cabinets, you can create the perfect space for the **Praxis** platform bed or a **Harmony** day bed or sleeper chair. New under bed storage modules neatly fit under the platform bed while night stands offer convenient bedside storage for patient and dorm rooms.

**Praxis** is available in all HPFI standard laminates and drawer and door pulls to match or complement practically any décor.

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
