For Immediate Release

HPFI® Introduces Praxis Home Collection

HPFI® (High Point Furniture Industries) is pleased to introduce the latest addition to the Praxis collection of casegoods for healthcare. **Praxis Home** is a modular wall storage system offers a unique solution to long-term care facilities. With a traditional top-design element and drawer/door pulls, the wardrobe cabinet offers a comfortable, residential feel. Lots of storage space is provided in the heavy-duty drawers plus an ample wardrobe compartment for hanging garments.

The locking storage compartments secure personal effects and over-the-counter medications while the interior locking drawer secures prescription and dispensed medications. A task light is standard to provide sufficient lumens for accurately reading labels and charts. 270° hinges allow the doors to swing fully open for clear and easy access.

Night stands with the optional overhead storage hutch complement the cabinet design and provide additional, convenient storage. The recessed back panel provides clearance for plugged-in appliance at wall receptacles.

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For more information, please contact Tom Carrigan, Director of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336-431-7101 Ext 2241, Fax: 336-431-0673, Email: TomC@hpfi.com.
