## For Immediate Release

### HPFI Introduces *Praxis* Wall System

(High Point, NC) HPFI (High Point Furniture Industries) is pleased to announce the latest additions to its line of healthcare furnishings. The *Praxis* Wall System takes its name from the same root word as “practice” which is putting knowledge into action.

The *Praxis* Wall System is primarily comprised of a modular system of wall cabinets 36” wide by 72” tall. Different cabinet versions are available in various combinations of doors, drawers and open storage areas. The 20” deep *Praxis* cabinets provide hanging wardrobe storage with coat rods and folded clothing storage in three drawer sizes. Upholstered seat and back cushions can be added to provide an additional temporary sitting area for patient rooms where space prohibits an additional chair.

*Praxis* can also be used in a conventional office setting with the addition of standard filing systems to the drawers. A return desk and freestanding desk are also in the *Praxis* offering. New mobile storage pedestals plus storage units from the existing *Hyperwork* casegood line also coordinate with *Praxis*. As with *Hyperwork*, there are eleven laminate finishes and four drawer/door pull options available in *Praxis*.

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For more information, please contact Tom Carrigan, Director of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336-431-7101 Ext 2241, Fax: 336-431-0673, Email: [TomC@hpfi.com](mailto:TomC@hpfi.com).
