Hannah Treatment Chair

Unos Guest Seating

HPFI® offers a wide range of furniture solutions from the front lobby to the patient room and practically every room in between. HPFI has one of the broadest varieties of reception and waiting room furnishings in styles, finishes and upholsteries to meet the rigorous requirements of everyday use. Similarly, casegoods for offices, treatment and patient rooms are numerous. Choose from an abundant selection of tables, stacking and nesting chairs for dining areas, break rooms and training rooms. There's also a modular wall system as an alternative to costly millwork in treatment and patient rooms.

HPFI builds all these collections to commercial standards to ensure years of use in the most demanding situations, yet with style and comfort.

The HPFI Healthcare Collection is designed with you in mind.

Praxis Home Casegoods

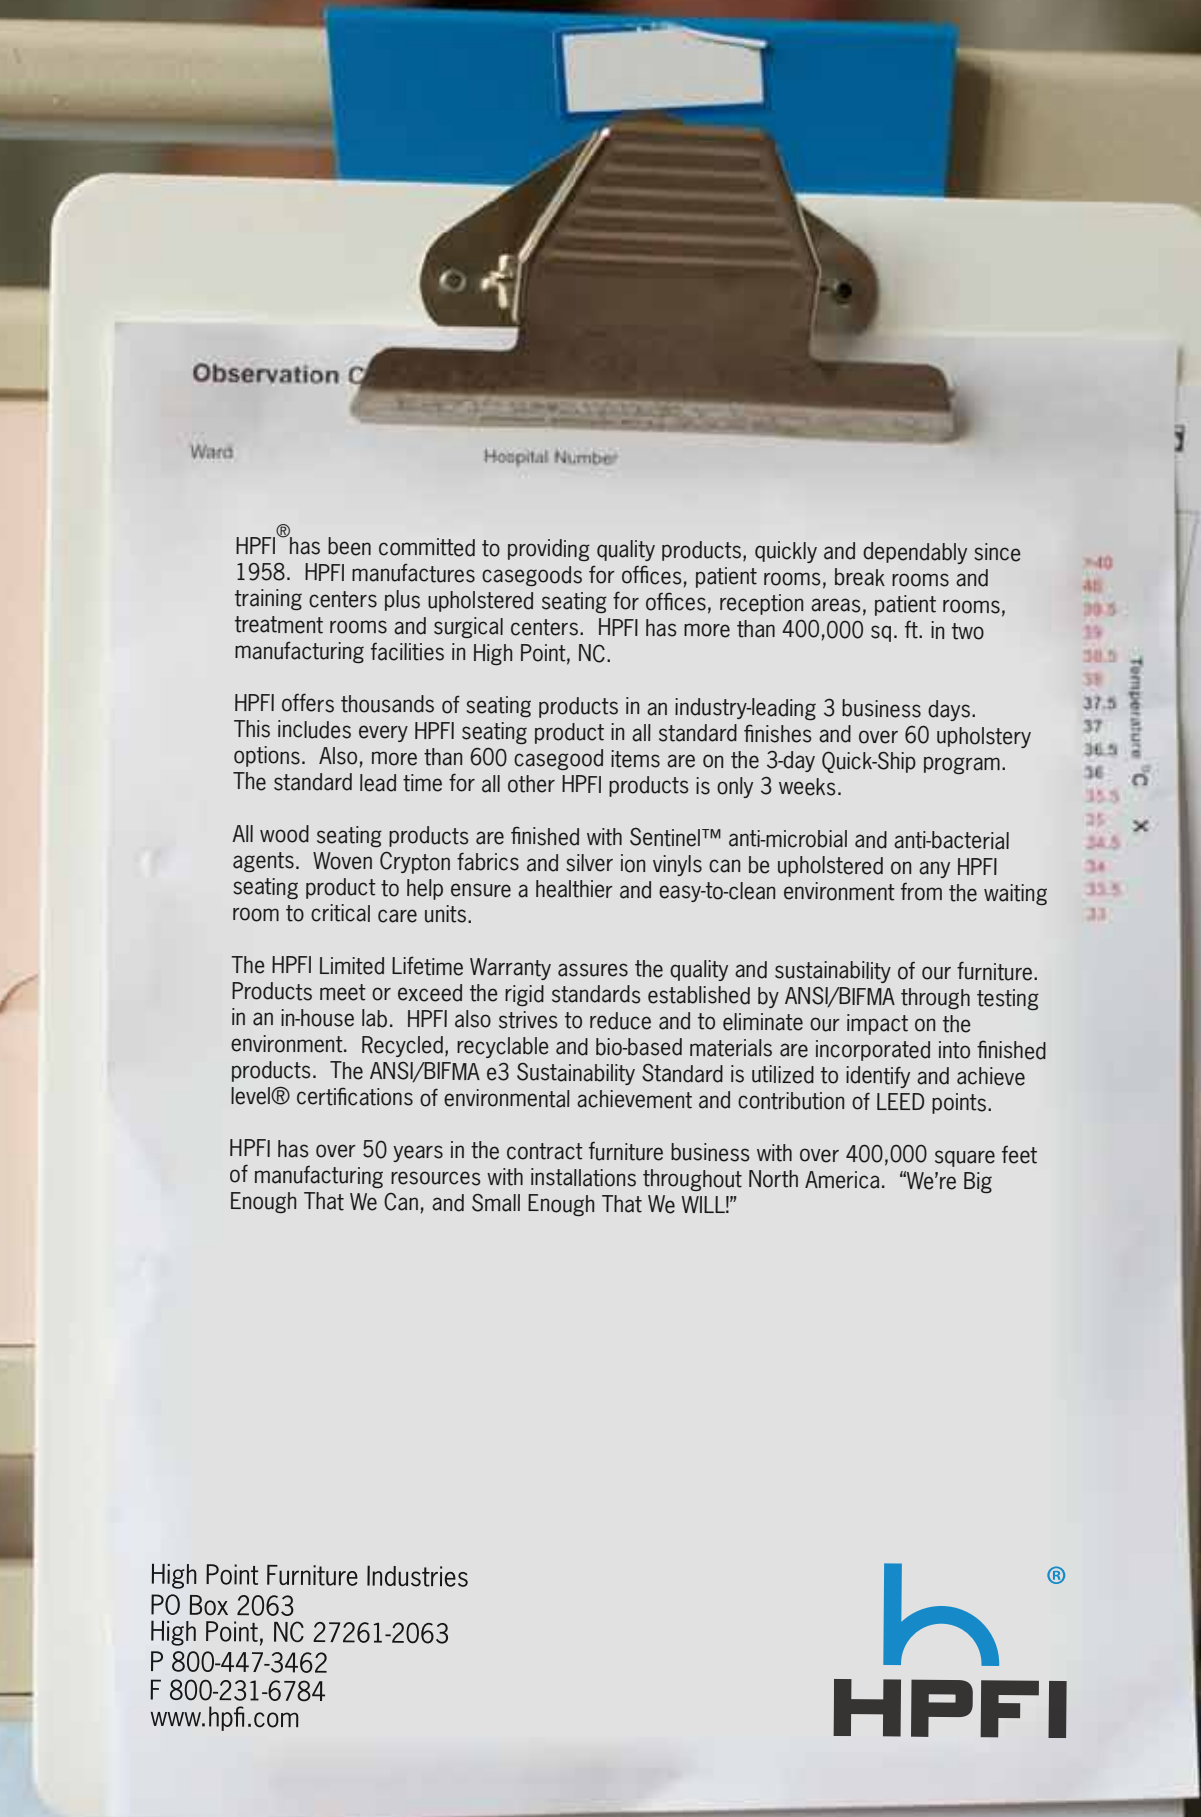

Healthcare Collection

The HPFI® Healthcare Collection is designed with you in mind. Between the standard and alliance programs available through the leading providers of seating upholsteries, HPFI offers thousands of options. Woven Crypton® fabrics and healthcare vinyls plus Sentinel™ wood finishes armed with Nanocide/Silver Ion protection in a multitude of designs and colors ensure that the care and cleaning are equally important as the form and function.

You can also search through all upholstery options, digitally upholster HPFI seating and order material samples online. Visit www.hpfi.com and select the Upholsteries option in the Design Tools page to begin your tour.

HPFI® has been committed to providing quality products, quickly and dependably since 1958. HPFI manufactures casegoods for offices, patient rooms, break rooms and training centers plus upholstered seating for offices, reception areas, patient rooms, treatment rooms and surgical centers. HPFI has more than 400,000 sq. ft. in two manufacturing facilities in High Point, NC.

HPFI offers thousands of seating products in an industry-leading 3 business days. This includes every HPFI seating product in all standard finishes and over 60 upholstery options. Also, more than 600 casegood items are on the 3-day Quick-Ship program. The standard lead time for all other HPFI products is only 3 weeks.

All wood seating products are finished with Sentinel™ anti-microbial and anti-bacterial agents. Woven Crypton fabrics and silver ion vinyls can be upholstered on any HPFI seating product to help ensure a healthier and easy-to-clean environment from the waiting room to critical care units.

The HPFI Limited Lifetime Warranty assures the quality and sustainability of our furniture. Products meet or exceed the rigid standards established by ANSI/BIFMA through testing in an in-house lab. HPFI also strives to reduce and to eliminate our impact on the environment. Recycled, recyclable and bio-based materials are incorporated into finished products. The ANSI/BIFMA e3 Sustainability Standard is utilized to identify and achieve level® certifications of environmental achievement and contribution of LEED points.

HPFI has over 50 years in the contract furniture business with over 400,000 square feet of manufacturing resources with installations throughout North America. "We're Big Enough That We Can, and Small Enough That We WILL!"
