

# Workcenter

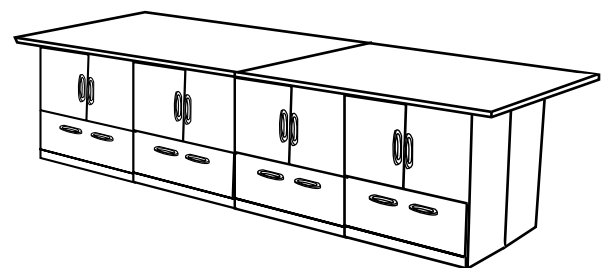

Make your work center areas work for you! The HPFI **Workcenter Collection** is ideal for teachers' work rooms, meeting rooms, break rooms or multi-purpose rooms. The modular design of storage cabinets and top surfaces can be configured to fit practically any room size. Convenient and accessible storage is provided for commonly used materials. The 42" counter height is perfect as a standing height work surface or combine with **Milan Bistro** stools for a comfortable seated work position.

92"W x 60"D Work Area

164"W x 60"D Work Area

The **Workcenter Collection** is comprised of modular cabinets and tops to create your ideal work room. Each cabinet features a heavy-duty wood storage drawer. Complete access to the rear of the drawer is provided due to full extension ball-bearing drawer slides.

The upper storage area includes one fixed shelf and one adjustable shelf. This storage area is concealed by two doors attached with smooth action, adjustable European-style hinges.

Cabinets are 36" wide and 20" deep and available in 11 laminate finishes. Tops are 1-1/2" thick with durable, fluted 3mm PVC edgebanding in four woodgrain finishes and available in four different widths. All tops are 60" deep creating a 10" overhang on all four sides. Four door/drawer pull styles are also available.

The **Workcenter Collection** modular cabinets must be arranged back-to-back; they can also be aligned side-by-side to accommodate larger areas. Shown to the right are some of the most popular arrangements.
