HPFi[®] Introduces Hyperwork Education Mobile Bookcases

HPFi (High Point Furniture Industries) is pleased to announce another expansion of the **Hyperwork Education** collection. **Hyperwork Education** products were originally introduced in 2015 with a variety of cubby storage and perimeter cabinets. Now HPFi is expanding the **Hyperwork Education** portfolio with **Mobile Bookcases** allowing for “off the wall” storage in libraries and media centers.

Hyperwork Education Mobile Bookcases were designed for use as mobile library shelving and storage without being limited to location along the wall. The Mobile Bookcases are available in both single-sided and double-sided versions, each working perfectly with HPFi Eve and Flex collaborative seating offerings. For images and complete details, visit the [Hyperwork Education product page](#).

“Hyperwork Education Mobile Bookcases offers a unique opportunity to integrate storage and seating into collaborative learning environments” said Doug Gaines, Vice President of Sales for HPFi. “Flexible storage options blended with contemporary seating is how we envision the future of libraries and media centers.”

HPFi operates manufacturing facilities and a 4,100 sq. ft. showroom in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on HPFi, please contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336.431.7101 Ext. 2241, Fax: 336.431.0673, Email: TomC@hpfi.com.
