HPFi[®] Introduces Solo Seating

HPFi (High Point Furniture Industries) is pleased to announce the introduction of [Solo](#) guest seating. **Solo** is crafted with durable metal arms and a comfortable seat. **Solo** is designed to provide a comfortable seating experience with modern appeal.

“The open arm profile of **Solo** offers the perfect extension of metal frame seating from HPFi” said Doug Gaines, Vice President of Sales for HPFi. “Our clients are interested in versatility from guest seating and **Solo** is an ideal option for metal frame applications.”

Solo features a gentle arc arm design built to last. **Solo** provides reliable support and a touch of sophistication to any space whether it's for your reception area, meeting room, or waiting area. With clean lines and a minimalist profile creating a contemporary style perfect for any workspace, **Solo** combines style with exceptional comfort.

Solo is accessible through two pathways on the [HPFi web site](#) – through [Guest Seating](#) or [Breakroom Seating](#). Several assets to support the marketing of **Solo** are included on the HPFi web pages including a cutsheet, price list, specification documents and product planning symbols.

HPFi operates manufacturing facilities and a 4,100 sq. ft. showroom in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on HPFi, please contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336.431.7101 Ext. 2241, Fax: 336.431.0673, Email: TomC@hpfi.com.
