

HPFi[®] to Discontinue Vision and Vitality Products

As of December 1, 2022 HPFi (High Point Furniture Industries, Inc.) will no longer accept new orders for the Vision Collection and Vitality casegoods and tables. Continuing difficulty in procuring dedicated materials along with declining volume have brought us to this decision. HPFi will continue to manufacture these product lines as materials remain available.

Discontinuing these legacy products will enable us to better focus on our core competencies. This also allows us to continue to introduce innovative new products to meet the demands of collaborative work and learning.

The past few years have brought us unprecedented times. We have faced a perfect storm of the global pandemic, escalating material costs and supply chain disruptions. These factors combined with shifting markets have merely accelerated the way we work and operate in business and educational campuses. All the new products that we have introduced in recent years are the result of these market transformations.

If you have any Vision and Vitality projects or quotes in progress with a client, please contact your HPFi Customer Service Representative. If you have additional questions regarding the discontinuation of these product lines, please contact our sales and service teams or your local sales representative. You can reach the HPFi offices by telephone at 800.447.3462 or by email at info@hpfi.com.

HPFi operates a 4,100 sq. ft. showroom and manufacturing facilities in High Point, North Carolina with over 400,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
